

MAINE PEOPLE'S RESOURCE CENTER PUBLIC OPINION SURVEY

Feb. 26–Mar. 6, 2021 ■ N=828

Methodology

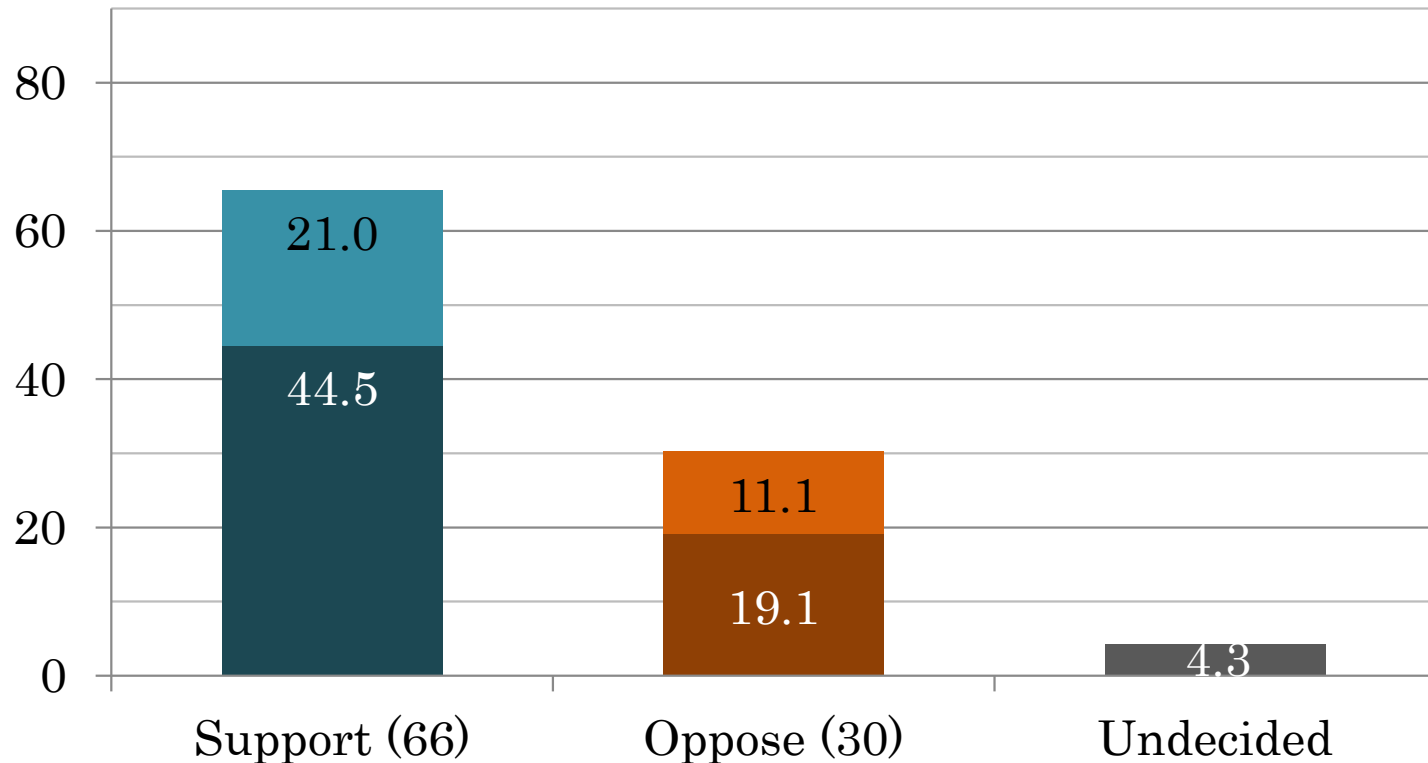

2

- A survey of 828 Maine voters was conducted by phone and online in late February and early March, 2021.
- Survey results were mathematically weighted by gender, age and geographic area to ensure an accurate representation of the population being surveyed.
- The sample margin of error of this survey is 3.4%, 95 times out of 100. Sub-samples may have a larger margin of error.
- Frequencies and percentages may not always add up to the total number of responses or to 100%, due to weighting and rounding.

MPCR is a non-partisan, non-profit organization dedicated to giving Maine people, especially those who are under-represented in civic life, skills and information to participate in the decision-making processes that affect them.

Increasing taxes on wealthy

3

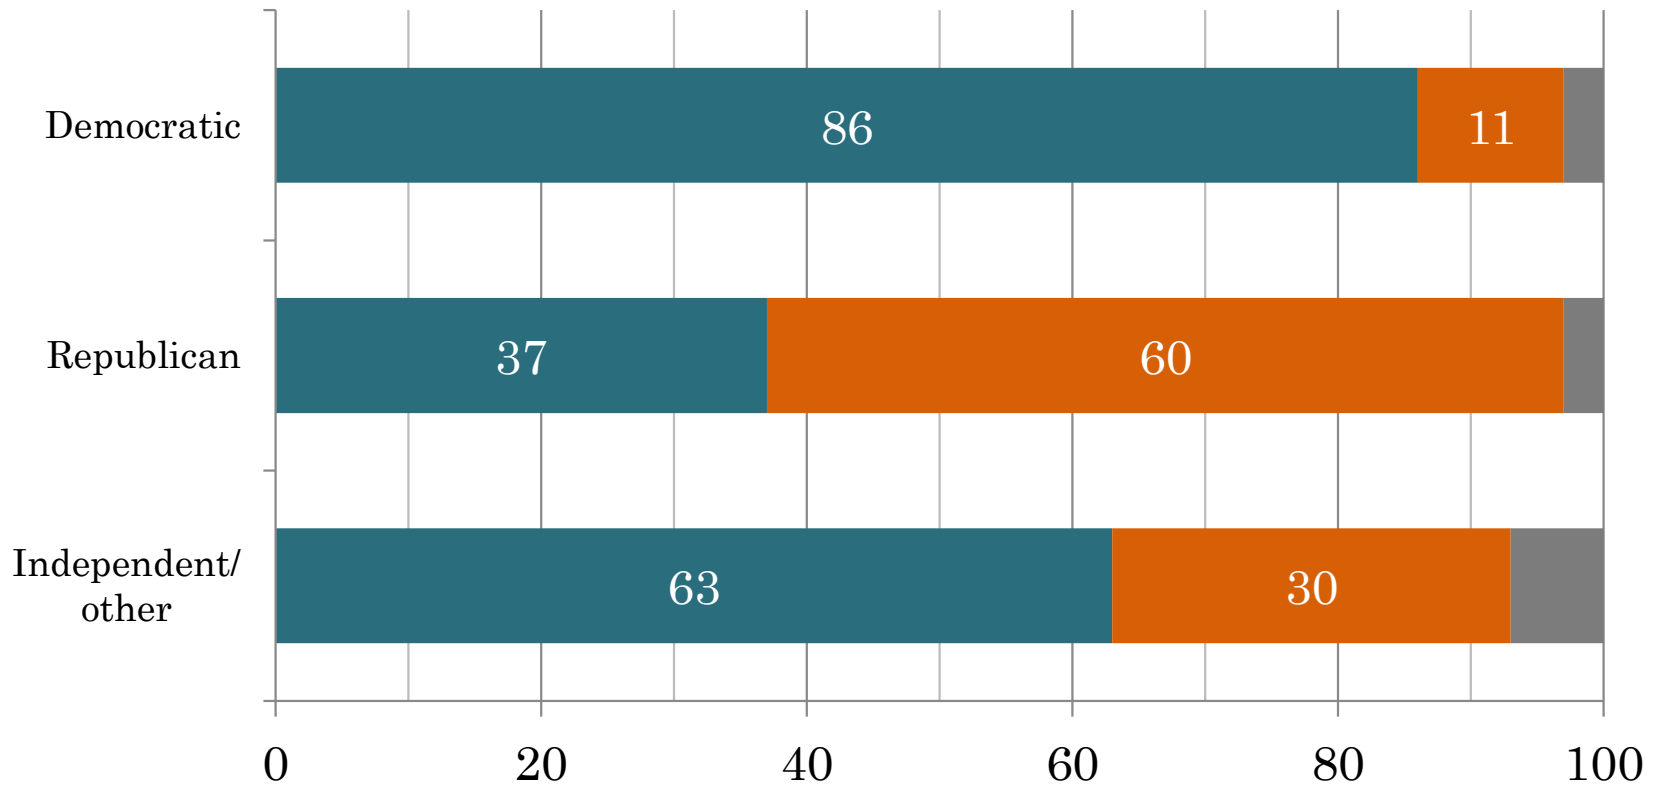

Would you support or oppose creating a new state tax bracket, increasing taxes on those making more than \$200,000 a year?

Taxing wealthy by party

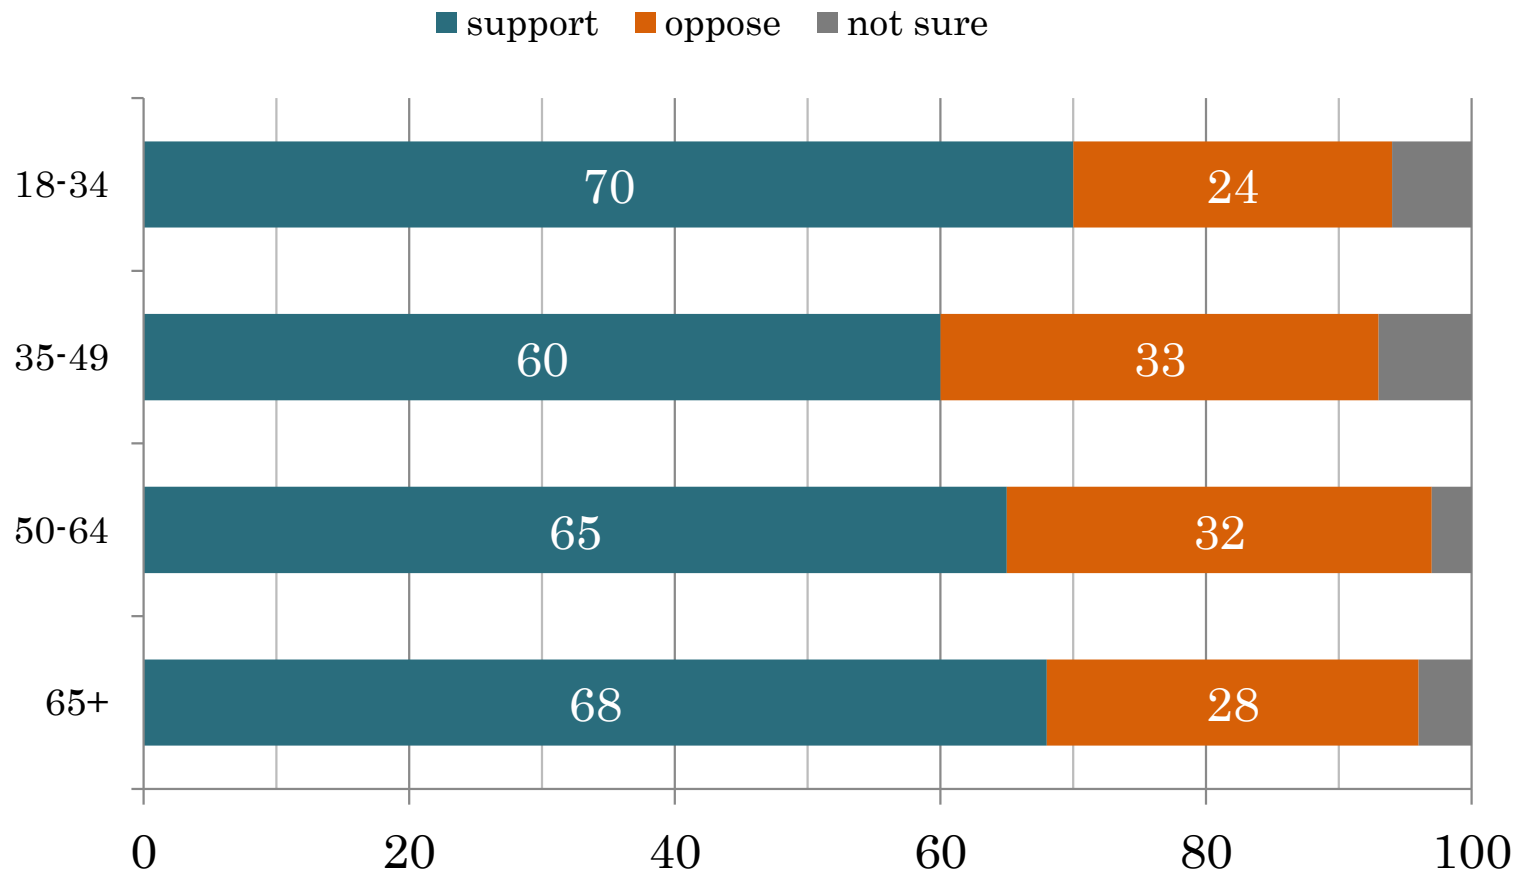

4

■ support ■ oppose ■ not sure

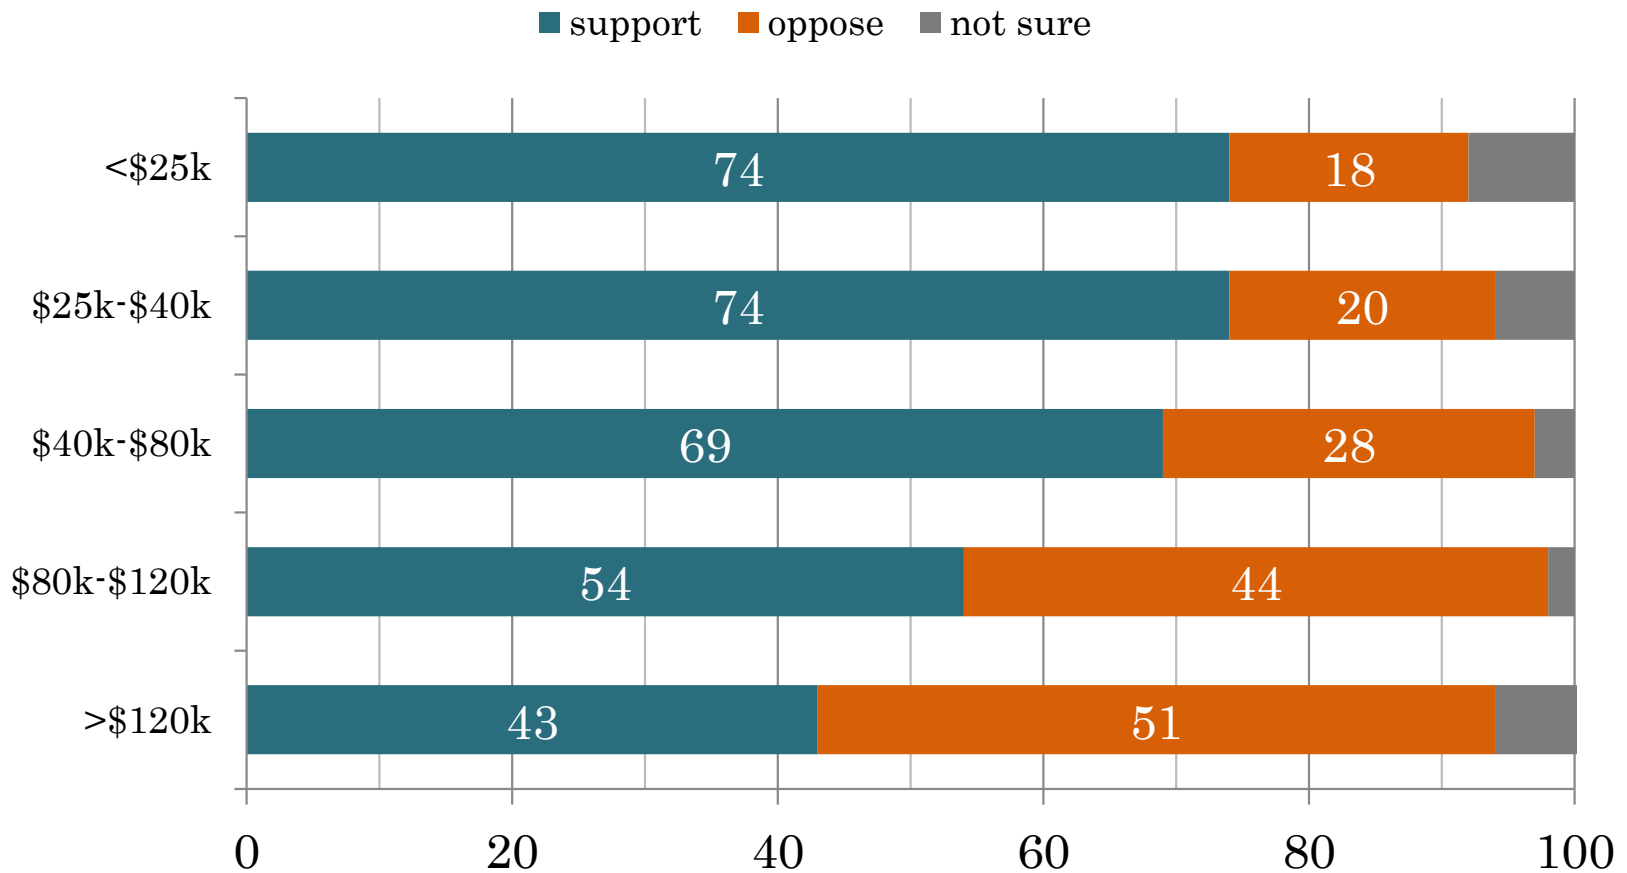

Taxing wealthy by age

5

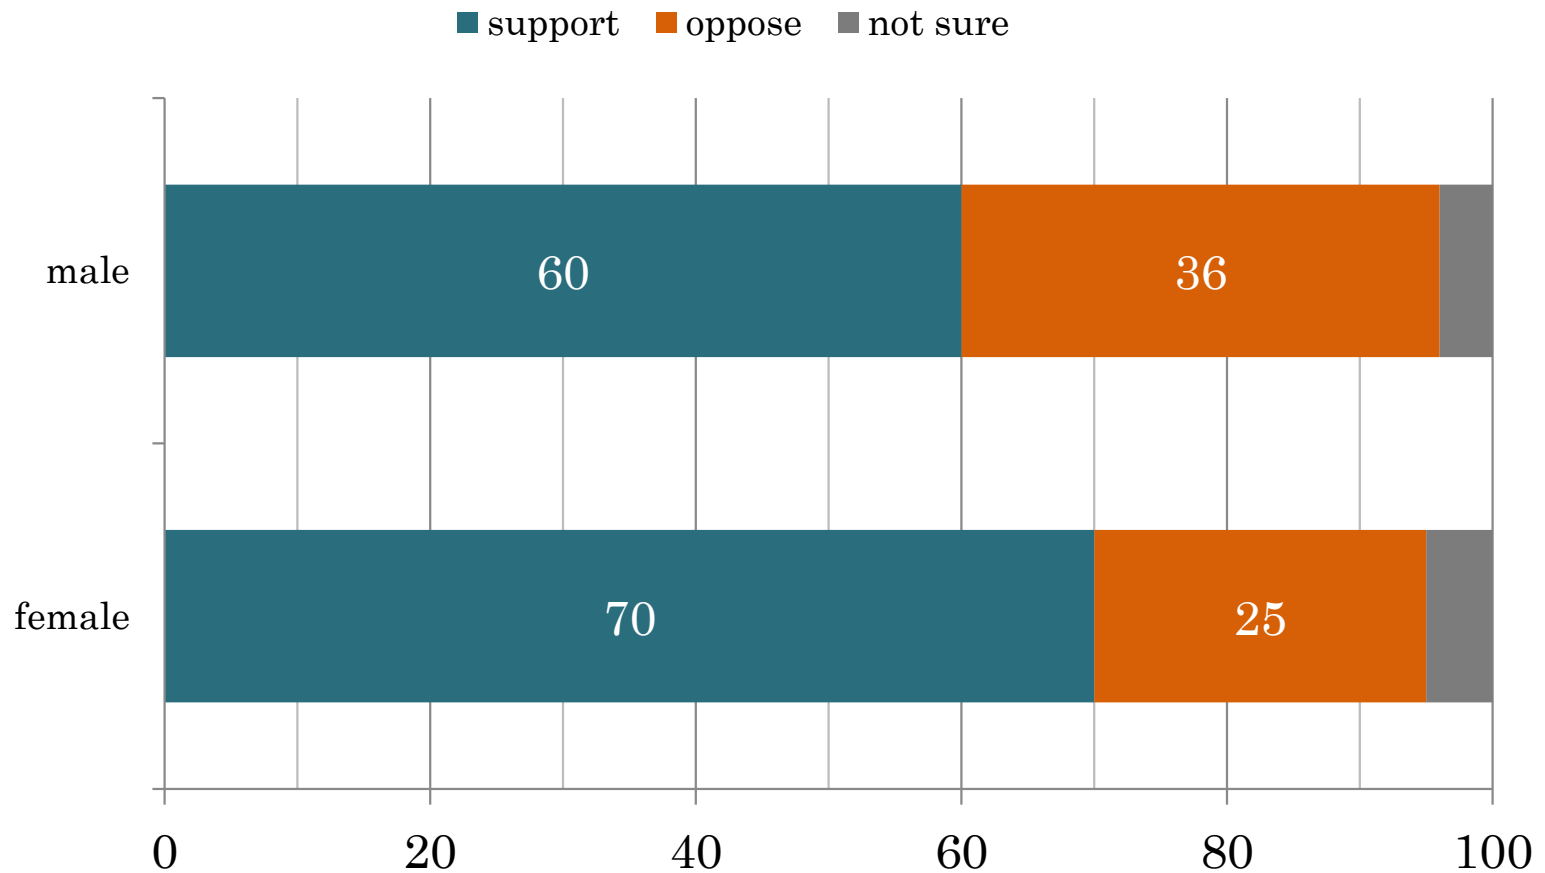

Taxing wealthy by income

6

Taxing wealthy by gender

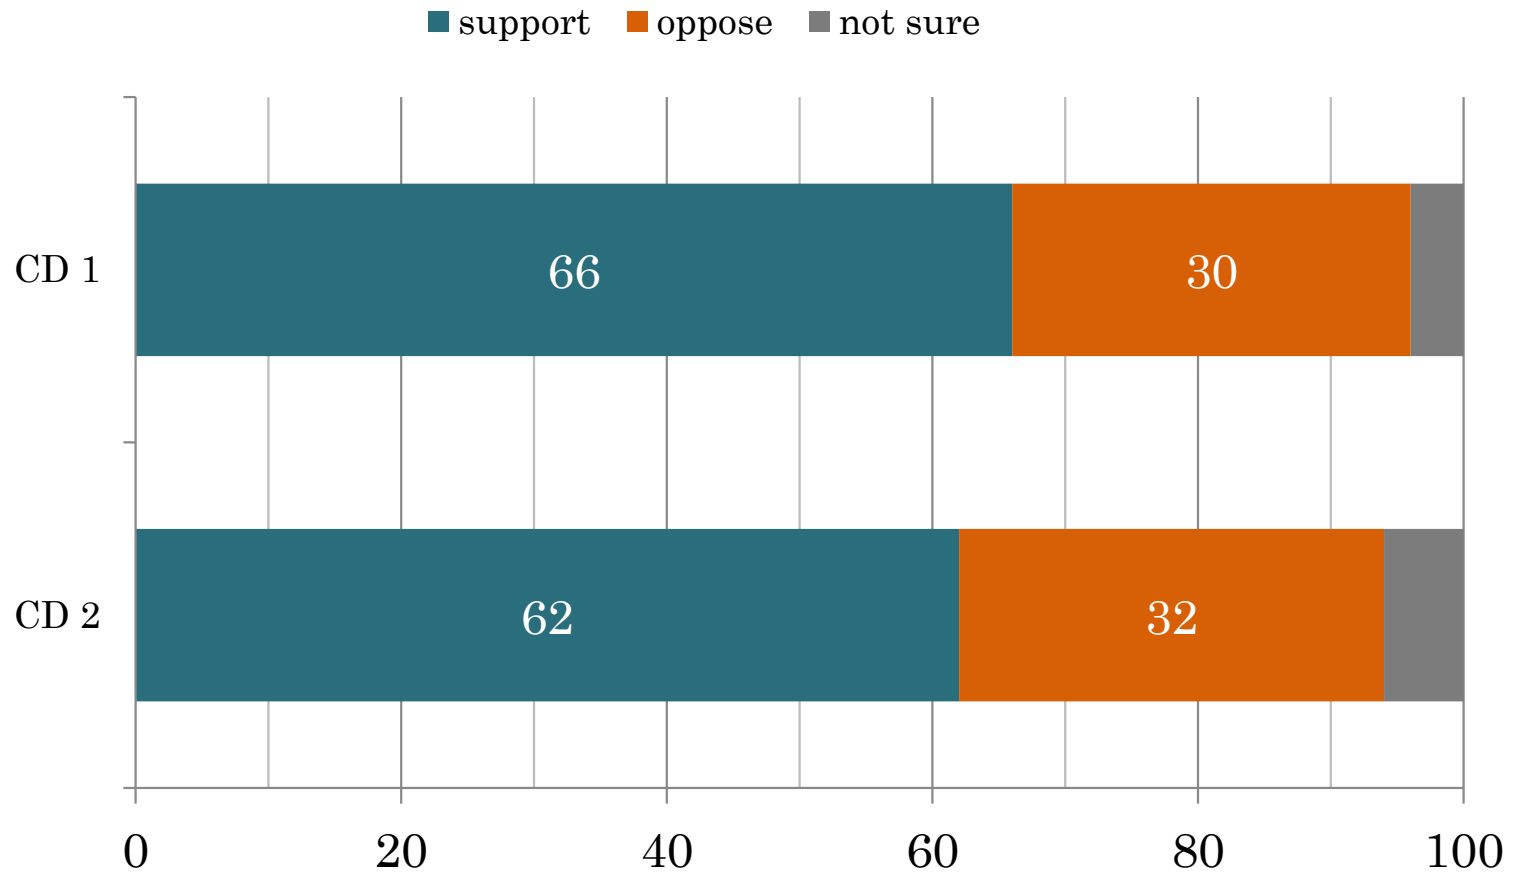

7

Non-binary gender responses were not at a level that allowed statistical significance.

A Record of Accuracy

“Uncannily close... Considering the final results, the center receives kudos for its work.” –**Portland Press Herald**

“MPRC is bringing transparency and accountability to a challenging area of public debate... MPRC is elevating the discourse around what Maine people actually think and want.” –**Portland Phoenix**

“While there are conflicting numbers from two pollsters, I tend to believe the Maine People's Resource Center, or MPRC, has the more accurate findings. Over the last two years they have polled eight contests and, without fail, their findings among the published public polls have been closest to the actual results.” –**Dan Demeritt, Former Communications and Policy Director, Office of the Governor**
